DM2 Software Earns Sage Software's 2008 'President's Circle' Award *For the 10th consecutive year, DM2 Software has been honored with prestigious honor*

VANCOUVER WA, Oct. 27, 2008 – Continuing a run of excellence that now stretches back a decade, for the 10th consecutive year DM2 Software has been named to Sage Software's President's Circle. The President's Circle is Sage Software's annual honor given to its top-producing business partners for each fiscal year, which ends on Sept. 30. This year, DM2 Software—a Master Developer and Reseller of Sage MAS 90 ERP and Sage MAS 200 ERP accounting software since 1991—finished as the No. 5 reseller of MAS 90 and MAS 200 software based on total product revenue. Quite an achievement, considering over 5,000 resellers compete for approximately 70 President's Circle spots each year. DM2 has won this prestigious award since the award's inception in 1999.

Sage Software supports the needs of nearly 2.8 million small and mid-sized businesses in North America through easy-to-use, scalable and customizable software and services that support accounting, operations, customer service, human resources, time tracking, merchant services and other specialized business operations.

“We are extremely proud to have earned Sage Software's President's Circle recognition for the 10th consecutive year,” said Scott Burkard, President of DM2 Software. “This award underscores the strong relationship Sage and DM2 have developed over the years.”

This distinction earns award winners a spot at Sage's President's Circle, where they will be honored at the official awards ceremony to be held at the luxurious Grand Hyatt Kauai Resort and Spa in Koloa, HI, from Jan. 29 to Feb. 2, 2009.

Since 1989, DM2 has been developing software and working to help diversified petroleum marketers increase market share and improve profitability through automation. DM2 Software is built on Sage MAS 90 and Sage MAS 200 accounting software.
