DM2 Software Earns Sage Software's 'President's Circle' Award *Ninth consecutive year DM2 Software has been honored with prestigious award*

VANCOUVER WA, Nov. 7, 2007 – Continuing a run of excellence that stretches back to last century, for the ninth consecutive year DM2 Software has been named to Sage Software's President's Circle. The President's Circle is Sage Software's annual honor given to its top-producing business partners for each fiscal year, which ends on Sept. 30. This year, DM2 Software—which is a dealer of Sage MAS 90 ERP and Sage MAS 200 ERP accounting software, marketed as DM2 Petroleum Insights—was among fewer than 70 companies to earn President's Circle recognition. It is the ninth straight year that DM2 has won this prestigious award. DM2 was also recognized with the Quarterly Partner Award for Top Sales of MAS 90 and 200 ERP in the final quarter of 2007.

“Helping small and mid-sized businesses be successful with industry-leading business management solutions is what we continue to focus on and our well-established, large, experienced channel of thousands of business partners throughout North America plays a vital role in our continued mutual success,” said Nina Smith, President of Sage Software's Business Management Division.

DM2 Software has been a business partner of Sage Software since DM2's founding in 1989. Sage Software supports the needs of nearly 2.8 million small and mid-sized businesses in North America through easy-to-use, scalable and customizable software and services that support accounting, operations, customer service, human resources, time tracking, merchant services and other specialized business operations.

“We are delighted and very proud to have earned Sage Software's President's Circle recognition for the ninth consecutive year,” said Scott Burkard, President of DM2 Software. “This is a very potent example of how we strive to work seamlessly with our partners and customers to provide the best service and products on a daily basis.”

All of the 2007 President's Circle winners will be flown to The Ritz Carlton Resort in Cancun, Mexico, for an official awards presentation to be held from Jan. 23-27, 2008.

Since 1989, DM2 has been developing software and working to help diversified petroleum marketers increase market share and improve profitability through automation. DM2 Software is built on Sage MAS 90 and Sage MAS 200 accounting software. DM2 is proud to be a Sage Software Vertical Marketing Partner (<http://www.sagesoftware.com/>), member of the Sage Software President's Circle of resellers. DM2 has been ranked in the Top 10 for MAS 90/200 revenues for nine years running. For more information call DM2 at (800) 866-5151 or visit our Web site at www.dm2.com (<http://www.dm2.com/>).
