DM2 StoreLink™ Options :

- ⊙ Daily Reporting
- ⊙ PriceBook
- ⊙ Direct Store Delivery
- ⊙ Point-of-Sale Interface
- ⊙ Scanning Sales/Receiving
- ⊙ Product Item Movement
- ⊙ Item Level Inventory
- ⊙ Handheld Audits / Inventory Control
- ⊙ Workforce Management
- ⊙ Labor Scheduling
- ⊙ Transaction Reports
- ⊙ Shelf Label Printing
- ⊙ Complete Lottery Inventory

DM2 StoreLink™ is a complete retail solution designed for petroleum distributors who also have a convenience store operation. From back-office to home-office, StoreLink automates the process of operating a current-day convenience store using leading edge technologies. The result: efficiencies and reporting that yield lower operating costs and produce information that is vital to streamlining the entire retail operation.

With StoreLink, the benefits of retail automation extend far beyond the traditional data gathering and daily reporting process. Detailed and easy to use Operations Reporting Tools provide immediate and flexible options to identify problems, make rapid decisions, and respond to the market quickly. Complete item level inventories and reporting at both the store and home office provide comprehensive receiving, sales, and audit detail to help you maximize margins with minimized inventory.

StoreLink features a complete Lottery inventory and receiving module, Point of Sale interfaces to eliminate manual keying of most information, 3-way report balancing to ensure all information is correct, and comprehensive standard reporting in HTML format.

Supported POS Equipment:

- ⊙ AutoGas
- ⊙ AutoGas "Regal"
- ⊙ Gilbarco GSite
- ⊙ Gilbarco Passport
- ⊙ RSG Latitude
- ⊙ Suntronics 2000
- ⊙ Verifone Ruby
- ⊙ Verifone Sapphire
- ⊙ Wayne Nucleus OS2
- ⊙ Wayne Nucleus NT
- ⊙ Wayne Plus3

DM2 StoreLink™

FEATURES

Daily Reporting	The StoreLink daily report is designed with reduction of effort in mind. Thanks to its intelligent automation, you can now complete a daily report in as little as 10 minutes. Embedded business rules can be configured at the home office to ensure accurate data reporting and notify decisions makers of key business conditions.
PriceBook	StoreLink's Centralized PriceBook is maintained at the home office, complete with unlimited price zone capabilities, mass price changes, and <i>unlimited future entries</i> .
Direct Store Delivery (DSD)	Ensure that only the vendors and products you have authorized are received at the store level, and <i>at the pre-negotiated cost</i> .
Scanning	Complete scanning sales support; automatic update of new prices to the point of sale system when new prices take effect. Automatically produces updated shelf labels.
Handheld System	Use in conjunction with the PriceBook and DSD to scan invoice items to speed up the receiving process, spot-check items in the store to ensure proper pricing, and for item level inventory audits/adjustments.
Product Item Movement	Store and Home-Office reporting of receiving, sales, and audit adjustments at the item level. Quickly spot big sellers, slow movers, or no sale items.
Operations Reporting	OMIS (Operations Management Information System) and other operations reports gives you immediate visibility to the information you need to run your retail operation with maximum efficiency.
WorkForce Management	Electronic time-clock and Store Manager tools keep labor overhead within budgets, with daily snapshot reporting to the home office. Use the integrated Labor Scheduler complete with business rules and error checking to ensure schedules are within budget and meet your staffing guide requirements.
Supervisor Anywhere	Remote Supervisors and Executive Management have ready access to operations reporting via OMIS and email capabilities to home office and stores. Supervisor Anywhere's "One-Click" connection and communications makes it fast and easy.
OnLine Reporting	Online competitive fuel pricing and short reports provide instant reporting through any web browser. View and <i>react</i> to competitors' prices immediately.
